TO OUR FRIENDS AND CUSTOMERS:--

It is with pleasure that we call your attention to the statement of this Bank at the bottom of this page. Again we want to thank you for your patronage and support, as the steady growth and strength of this Bank is due entirely to your support and confidence, and we will strive in the future, as we have in the past, to merit your confidence and support.

For years this bank has loaned more individual farmers money than any bank in this section of the State and while the farmers are in good financial condition, is the best time for the farmer to commence depositing his money IN A BANK THAT WILL LEND HIM MONEY WHEN HE NEEDS IT.

Our Bank claims to belong to the well managed class of banks, and on the strength, safety and conservatism of this Bank, as well as it's record of service to it's customers, we solicit your business.

Prize List For Poultry And Livestock Exhibits Announced This Week

As was announced in last week's paper, December 10th and 11th were chosen for the dates of the school poultry and livestock fair at Elba. A cash prize list which will be of sufficient size to interest exhibitors, has been arranged already and is being published below. Further details of the fair plans will be given from time to time. Here are the prizes for the livestock and poultry. The school prize list has also been made up but The Clipper could not get it in this issue. It will be published later.

Since the boys in the Pig Club have been preparing for the fair for over nine months and have been to a great deal of expense and trouble in bringing their pigs to the show, the committee thought it wise to place the greater part of the premium money where most preparations and expense had been incurred by exhibitors, hence the larger proportion of money in this show goes to the Coffee County Boys Pig Club, an organization which has been functioning most successfully by a hundred faithful farm boys of the county for two years. These cash premiums offered by the business men of Elba are intended to manifest their interest in the great work that the Boy's Pig Clubs have done and are doing for the rehabilitation of the Hog Industry in Coffee County.

New Child Welfare Superintendent Finds Great Work Started In County; Asks Help of People for Boys and Girls of County

(By Miss Jean Langston)
Just at this time of the year one always associates children with school; and indeed one should for it seems to me the two are synonymous. We know that the early development of the child's mind denotes the sweetest thing in all the world is the smile of confidence and courage of youth. And yet in carrying on my work I meet boys and girls, and men and women too, who have had this God given endowment crushed out of them by circumstances, environment, heredity and ignorance and it makes me feel that the greatest of robberies has been committed. Every little child has the right to wholesome laughter, wholesome food and the right kind of moral and spiritual training. Given these requisites we need never fear for the future of our homes of detention and reform schools. They would be blotted out every such thing possible in every boy and girl's life.

Any time that I can be of service to any boy or girl, man or woman toward helping them get hold of these better things in life I want to do it. I want to make as many little children happy as is possible in my work. I want those of you who have doubtless you do not read magazines you perhaps will throw away, to let me know and I shall be glad to collect them for distribution among those less fortunate. In fact I have the call for a great many clothes right now and would be glad if someone would help me in getting the things needed. "In as much as ye have done it unto one of the least of these, ye have done it unto me." Please remember that I am always working ready to help in the carrying out of this work with our boys and girls to make them the right kind of future citizens but as it was impossible for one man alone to build the Brooklyn bridge or the Woolworth building so it is impossible for one to do every thing alone in the advancement of God's Kingdom.

I hope all those who may read this will see to it that their interest in the schools extend further than just their own door and will assist in every way they can toward getting every boy and girl in Coffee county in school. We expect this to be done and in so far as we are able in the realm of human endeavor they are going to school. It is only justice to the child and justice to the parent even tho the parent sometimes feel that it is not necessary.

Eleven Persons Killed Scores Hurt Near Troy In Sunday's Cyclone

Troy, Ala., Oct. 25.—Eleven persons were instantly killed and scores were injured when a typhoon swept through Good Hope and Oak Grove early Sunday morning. The cyclone swept in from the Southwest, tearing down dozens of homes and bringing instant death to four members of one family at Good Hope.

The family in which the four fatalities occurred was that of Walter Knight. All of the dead are Mr. Knight's children. They were Ralph, 18; Ruth, 16; Frances, 6; and Mary Ellen, 3.

Mrs. Eliza Davis, 65, who was visiting at the Knight home, was also found dead in the wreckage of the Knight home.

The other members of the Knight family including the mother and father, Roy 15, Herman, 12 and Hubert 9 were at the point of death in the Masonic hospital here late Sunday afternoon.

Other known injured at Good Hope are Mr. and Mrs. Frank Davis, and their 14-year old son, and Mr. and Mrs. Pat Swanson.

At Oak Grove, three negroes were killed instantly and Noah Griffin, his wife and child were badly injured. He barely escaped with his life.

The negroes were Beatrice Kullis, her three weeks old baby, and Ella Lee Blue. They lived the plantation of J. B. McLeod, a short distance from Oak Grove.

At Kelly's store, a short distance from Orion bridge over the Conecuh river, Walter Kelly, his brother James, his wife and one child escaped with slight injuries.

A mass meeting was held in Troy shortly after the tornado and more than \$2,000 was raised for the benefit of the storm sufferers. Bedding and clothing has been provided for those who lost their homes in Sunday's storm.

Physicians and nurses from Troy answered emergency calls to Good Hope and Oak Grove shortly after the tornado passed through and worked until far into the night with the injured and dying.

Both Oak Grove and Good Hope were blown virtually to bits. Houses were completely demolished and boards were strewn over Pike county miles from their starting places.

The tornado followed intense heat Saturday, which is very unusual for this time of the year.

Troy hospital is filled with injured, but due to the fact it had fewer patients than usual Sunday, it was able to accommodate all the seriously injured persons.

so I sent to get it. I improved after my first bottle. Cardui is certainly a great help for nervousness and weak back. I took six bottles of Cardui and by then I was well and strong. Just like a new woman. Cardui helped me so much. Thousands of weak, suffering women have taken Cardui, knowing that it had helped their mothers or their friends, and soon gained strength and got rid of their pains. HACODA FATHER SHOT BY HIS SON SATURDAY

Samson Ledger says:

Wyatt Johnson, living at Hacoda, was seriously and possibly fatally wounded Saturday night by his son, Will, aged 17, who fired a shot from a 22 caliber pistol, the ball penetrating from the back and lodging in the liver, where it still remains.

The elder Johnson was taken to Dothan, where he is in a hospital. It is said no attempt will be made to remove the bullet unless complications set in.

So far as could be ascertained at Hacoda, there had been a good deal of disturbance Saturday night, accompanied by considerable drinking. Revolver shooting fist and skull fights and a general racket was going on. It is said that Will Johnson was not drinking, so far as known, but was shooting off his revolver around houses to an extent that moved some of the citizens to remonstrate with him and later on to go to his home to inform his father.

The elder Johnson was away with his wife at the time, but other Johnson children promised to report the complaint when their parents returned.

The old folks came in on the train from Samson around 10 p. m., and the shooting followed.

So far as known no statement has been made by either of the Johnsons. It is surmised, however, that the elder Johnson remonstrated with his son and that the latter in a fit of rage shot his father.

ANDALUSIAN GIVES UP AFTER KILLING.

Andalusia, Ala., Oct. 24.—Williams Mathews is dead and his brother, C. C. Mathews is in a local hospital with a bullet wound in his hand and arm and W. C. Hartley, a brother-in-law of the Mathews, is in the Covington county jail charged with murder after coming to Sheriff J. N. Livings and surrendering voluntarily, following a shooting scrape.

There are conflicting stories regarding the cause of the shooting. Solicitor R. H. Jones and Sheriff Livings went immediately to the scene to make thorough investigation.

The young man who was slain, the one wounded, and the young man who did the shooting are of good families. Sheriff Livings swore out a warrant before L. J. Salter for W. C. Hartley and he was committed to jail Friday, pending a hearing.

MILT TOLBERT'S BIG TENT
SHOW COMING NOV. 9.

Looking back at its many
years of public service, during
which the Milt Tolbert Shows
have provided entertainment
for millions of people, it may
be safely stated that no former
season has ever remotely ap-
proached the grandeur and di-
versity of this year's offerings.
The management of the show
in all varied branches is keenly
alive to the requirements of
this rapid age. This is an epoch
of evolution. What was seem-
ing and fitting in the past
would not fill the wants of to-
day. World developments and
changing conditions in our own
environments have created an
appetite for closer intimacy
with up-to-date foibles and
pursuits. It is not enough that
a drama appeals to our various
emotions, heart-pangs, laugh-
ter, love of mate—it must be
imbued with a spirit of the pres-
ent in which we live. So it is
with music. It must conform
to the trend of today, whether
the classic or the syncopated
variety. The same may be
said of scenic realism—absol-
ute fidelity must prevail. The
trend of today points strongly
to merriment, music, dancing
and the presence of the effem-
inate beauty. The Milt Tolbert
Shows are profuse in these at-
tributes this season.
The prices this year remain
within the reach of every one.

For the Information of The Public

The strike which has been ordered by the General Committee of
the Order of Railroad Telegraphers among its members employed by
the Atlantic Coast Line is the culmination of the refusal of that organi-
zation to accept a decision by the United States Railroad Labor Board
denying the demands of the organization for a general increase in wages
and for annual vacation of two weeks with pay.

Throughout the negotiations which led up to the present situation
the Atlantic Coast Line has scrupulously complied both with the letter
and the spirit of the law and with the orders of the Labor Board which
is the agency created and authorized by Congress for the settlement of
disputes between the railroads and organizations of their employees.

The Order of Railroad Telegraphers agreed readily enough to sub-
mit the case to the Railroad Labor Board for settlement but refused to
accept the decision made by the Board after exhaustive investigation
and has ordered a strike because the decision which they had asked
the Board to make did not satisfy them.

The Labor Board decided that the demands of the organization for
a general increase of wages and for a vacation rule were not justified.
It instructed both parties to look into the question of eliminating in-
equalities in the pay of some positions. For this purpose conferences
were held by the Atlantic Coast Line with representatives of the Tele-
graphers in an effort to reach an amicable settlement of this issue, re-
manded by the Labor Board, and the Atlantic Coast Line, after negotia-
tions lasting for a period of five weeks, made an offer to adjust the
rates of pay of a substantial number of positions involved.

This offer was refused by representatives of the Telegraphers who
on September 16th broke off negotiations with the statement that they
would not further discuss the question of removing inequalities but
would demand again a general increase and vacation for all men, both
of which demands had been found by the Labor Board to be unwar-
ranted. When the Atlantic Coast Line suggested that the matter should
be referred again to the Labor Board in accordance with directions by
the Board that this be done if no settlement was reached, the represen-
tatives of the organization refused to join in such action.

The Atlantic Coast Line, therefore, informed the Labor Board of
its failure to reach a settlement, and the Labor Board immediately as-
sumed jurisdiction over the controversy and ordered both parties before
it at Chicago for a hearing on October 9th. Officers of the Atlantic
Coast Line appeared as ordered, but the Telegraphers' organization de-
clined to comply with the Board's instructions and did not put in an ap-
pearance. In view of this the Labor Board decided to send three mem-
bers to the property to investigate the whole situation; one member
representing the public, who is Vice-Chairman of the United States
Railroad Labor Board, one representing the organizations and one re-
presenting the railroads. This section of the Board conducted hearings
at Wilmington on October 12th and 13th.

Prior to this time a strike ballot had been distributed among the
members of the organization. At the Wilmington hearing representa-
tives of the organization informed the Labor Board members that while
the Telegraphers would co-operate with the Board in making the pro-
posed investigation, such co-operation would not be allowed to interfere
with the program which the organization had mapped out for handling
the matter on their own account.

The representatives of the Labor Board visited a number of places
on the property getting the facts in regard to the situation, so that a re-
port could be made to the full membership of the Labor Board, follow-
ing which the Board has announced that a prompt and final decision
would be made, and the Company will be governed by that decision.
The strike has been called without waiting for this action by the United
States Railroad Labor Board. It is in direct defiance of the law.

The Atlantic Coast Line will make every effort to provide for un-
interrupted service to the public.

METHODIST CHURCH.

Two more Sundays before
Conference. This means that
every one of us must help get
our reports ready for it, by see-
ing the stewards and helping
them to make our financial ob-
ligations meet up with the re-
quired assessments.

Next week is the week of
prayer for the Woman's Mis-
sionary Society all over the
Methodist connection. There
will be a program rendered
every day for five days. Let
every member be present at
every service. The pastor will
open the program Sunday by
preaching a Missionary sermon.
Be sure to hear it.

Dr. J. M. Shofner of Mobile
ended his series of sermons
Sunday night. They were an
inspiration to every one who
heard them, and it is difficult
for any person to go home
from one of his services with-
out a resolution to live a better
life.

At the Fourth Quarterly
Conference Miss Estelle Sen-
telle was confirmed as Ep-
worth League president. The
League is growing in interest
and we all will profit by attend-
ing its services.

Dr. and Mrs. W. P. Hurt
were guests of the parsonage
during the last Quarterly Con-
ference. They were delighted
with the improved condition of
the inside of the Church and
the Sunday School rooms.

We are pleased to have the
membership certificate of Mr.
P. L. Smith, who has been with
us some time as a lumber man-
ufacturer.

The Epworth League will
have a social to wind up Octo-
ber on Halloween night.

Don't forget to help our
church make an honorable re-
port at the Annual Conference
on November 11th.

F. M. LOWREY, Pastor.

Mrs. George Armstead, of Opp
